Fire and Ice

To make veggie broth, just cheat like I often do and use veggie bouillon and water, I increase the amount of bouillon cubes by 50% over what they recommend, usually then it tastes like something!

You're not going to believe this- heat all of the ingredients in a pot and simmer for 20 minutes, stirring occasionally. Keep the lid on for about half of the cooking time. Adjust seasonings to taste and serve with seasoned rice.

If you want to add one step, sauté the onion, garlic, ginger and spices in the oil briefly with some lime juice first before adding everything else. Thicken the sauce with cornstarch if you want to.

Season Your Rice for This- Use long grain basmati, cooking the rice with salt, garlic, onion, cumin seed, saffron, black sesame seeds, mustard seeds, chili powder and cinnamon to taste.

MELON SKEWERS

For each skewer:

1 wedge of cantaloupe

1 wedge of honeydew melon or watermelon

2 slices vegan "lunchmeat" (of course, feel free to omit this if it offends your sensibilities)

2 large pitted olives, stuffed olives are great for this

2 roasted red or yellow pepper strips

2 large basil leaves

2 cherry tomatoes

four large seedless grapes

also, compose a tasty marinade of wine vinegar, olive oil, salt, pepper, paprika, fines herbs, lemon juice and minced garlic to taste

Marinate "lunchmeat" slices and melon for half an hour or so in the refrigerator. Prepare your kebabs. Place two grapes on your skewer, sliding them down almost to the base, next wrap the cantaloupe wedge

in a vegan "lunchmeat slice" and a basil leaf and slide it onto the skewer, followed by an olive wrapped in roasted pepper strip, a cherry tomato, another olive in roasted pepper strip, the other cherry tomato, then the piece of honeydew wrapped in the same fashion as the cantaloupe wedge, and finally the last two grapes. This will make for a real crowd on a stick, but we like plenty better than want! Serve with the following dipping sauces and some flatbread or pita.

POMEGRANATE SAVORY DIP

Mix to taste pomegranate concentrate, olive oil, tamari, lemon juice and some sweetener. It will not take very much pomegranate to make this strong. You may add fruit juice to thin it out if necessary, orange works well.

VEGAN YOGURT SAUCE

1. Blend together 1 C. vegan sour cream with juice of 1 lemon, 2 minced garlic cloves, a handful of chopped herbs (a mix of dill, mint and flat leafed parsley), and a few Tbsp. of olive oil. puree. This will be, as they say in California, hella sour.

FINEST FIGS

1 pint fresh figs
1/3 C. sweet wine
1/3 C. date sugar
2 Tbsp. minced mint
1/4 C. balsamic vinegar (a fig vinegar would be smashing!)

Blend wine, sugar, mint and vinegar. Adjust seasonings to taste and set aside. Split the figs and marinate with the sauce for a short while.

Serve on small dessert plates. Your lovely garnishes can be ribbons of lemon and orange peel with mint sprigs.

For a nice beverage to go with it all, may I suggested a sparkling mineral water spritzer with orange-tangerine juice, using frozen grapes instead of ice cubes! Garnish with citrus wedges.

SIMPLE FOUL WITH ARTICHOKE

35

SEASONED TOFU "FISH" WITH BLACK OLIVE
SAUCE AND GARLIC LINGUINE

This recipe will give you four filets.

1 lb. of seasoned, baked tofu
2 sheets of roasted sushi nori
soy sauce
lemon juice
orange juice
minced onion
minced garlic
olive oil
chopped basil
chopped oregano
flake seaweed
black pepper
chili flakes
plum vinegar
paprika
lemon slices
any other desired spices, particularly ground
coriander and nutmeg

Slice the tofu into four cutlets, you want them to be relatively thin. Set them in a pan.

Create a marinade of the other ingredients except for the seaweed sheets to taste, it should be fairly salty. Coat the tofu slices with this and marinate them for an hour, turning a few times during this period. Next, sprinkle any additional desired seasonings or some leftover herbs on the tofu. Cut the nori sheets in half lengthwise and wrap one half around each tofu slice, so that one end of the seaweed will fold over the other end, creating a seam. By the way, this is lovely with a few sage or basil leaves wrapped inside along with the tofu. Heat some olive oil in a skillet and fry the seaweed-wrapped tofu, with the seam side down, for a few minutes. Turn and fry on the other side until browned. Serve with the following sauce and pasta.

BLACK OLIVE SAUCE

DRINKING "FRUIT BATS" (p. 62) + CRITI-
CIZING EVERYTHING YOU DO.

HOT TIPS - I HAVE INCLUDED
MEAL MENUS, SOME OF WHICH ARE
PERHAPS A BIT OVER THE TOP - BUT
REALIZE THAT A DELIGHTFULLY EASY
LOMBO CAN BE HAD WITH GUESTS -
SUCH AS CURRIED BANANA SAND-
WICHES WITH SINGAPORE SLINGS
OR STARCH-MY-SHORTS SERVED
WITH WHITE CHOCOLATE & FRUIT PARFAITS.
- SPEAKING OF DRINKING, IF YOU MAKE
ITCHERS OF CERTAIN BEVERAGES,
PARTICULARLY MAI-TAI, SCORPION
OR ZOMBIE, YOU WILL PROBABLY
WANT TO INCREASE JUICE PROPORTIONS.
LASTLY, SERVE THESE WITH NICE
LITTLE ACCOMPANIMENTS WHEN MAKING
THE DISHES - SUCH AS PICKLED CHILES,
FRESH FRUITS, STRIPS OF BELL PEPPER &
JICAMA, SALSAS, SAMBALS & CHUTNEYS.
THAT'S WHAT I DO & I MAKE THIS
SHIT ALL THE TIME. HAVE A BALL! -JP

HEY!

DUE TO THE FACT THAT THIS HERE PAPHYRUS IS "FUN SIZE" - I DECIDED IT WOULD ALSO BE FUN TO PUT THE INTRO IN THE BACK & WRITE IT BY HAND FOR THAT PERSONAL TOUCH WE ALL KNOW & LOVE! "FIRE AND ICE" IS INTENDED TO BE A ONE-OFF, BRIEFLY AVAILABLE, ENJOYABLE ROMP THROUGH SOME OF MY SPICIER & CONTRASTED MENUS. A SAMPLER OF MY MODESTLY HOT & COOL OFFERINGS. THERE IS PLENTY OF ROOM TO PLAY AROUND, ADJUST & EXPERIMENT WITH THESE, SO PLEASE HAVE A GOOD TIME DOING SO. THE THRILLING ALCOHOLIC BEVERAGES IN HERE WILL KEEP THEE WELL LUBRICATED & "WHISTLING WHILE YOU WORK". IF YOU NEED TO MAKE THOSE "VIRGIN" COH, I DON'T BELIEVE IT FOR A MOMENT USE YOUR IMAGINATION. IMAGINATION IS WHAT THIS IS LARGELY ABOUT, AS IN, IMAGINE I AM THERE IN YOUR KITCHEN,
